2010-11	42,742	19,641

* U.S. Non-Hispanic and U.S. Hispanic totals are unduplicated totals and may not be equal to the sum of their subcategories.

† Total includes students whose citizenship and/or race or Hispanic ethnicity could not be determined.

Note: These data reflect the results of the new separate race and ethnicity questions allowing multiple responses, first used by AMCAS in 2002, and are not directly comparable to prior years. Data from 2002-03 forward derived from AAMC DW: AMF as of 12/10/2010.
