\* Since 2002, following U.S. federal guidelines, AMCAS has asked applicants who are U.S. citizens or Permanent Residents to self-identify using two separate questions: the first question ("Ethnicity") asks applicants whether they are "Spanish/Hispanic/Latino/Latina" or "Not Spanish/Hispanic/Latino/Latina"; the second question ("Race") asks applicants to self-identify using non-Hispanic or Latino race categories, and applicants are asked to "check all that apply." The ethnicity category and several race categories permit further self-identification by sub-categories. Prior to 2002, AMCAS applicants were not able to select more than one race; thus, data prior to 2002 are not directly comparable to later data.
